

OQI 19768

30 Volume Cases affected

16 cases – all samples consumed. Re-sampling not possible. Results not reportable.

1 case – 2 samples affected, 1 sample reportable.

13 cases – some items can either be re-sampled, or previously prioritised items can be examined.

OQI 20231

10 Volume Cases affected (inc 2 robberies)

4 cases – all samples consumed. Re-sampling not possible. Results not reportable.

6 cases – some items can either be re-sampled, or previously prioritised items can be examined.

OQI 19477

3 Major crime cases affected

1 case - all samples consumed. Re-sampling not possible. Results not reportable.

2 cases – some items can either be re-sampled, or previously prioritised items can be examined.

15 Volume Cases affected (inc 6 robberies, 2 life endanger, 1 Liberty and 1 TIN)

2 cases - all samples consumed. Re-sampling not possible. Results not reportable.

1 case – matter finalised – no further action required

1 case – 3 samples affected, 8 samples reportable

11 cases - some items can either be re-sampled, or previously prioritised items can be examined.

OQI 19349

1 Major Crime case affected

This case able to be resampled (one item from case)

31 Volume Cases affected

9 cases - all samples consumed. Re-sampling not possible. Results not reportable.

16 cases - had been subsampled by Analytical and the subsamples have been submitted

2 cases - able to be resampled (one item from each case)

4 cases – have reportable results not affected by OQI
(for each of these 4 cases the reportable result has come from the remainder of the subsample in Analytical already being submitted)
