Luke Ryan [1:53 PM]:

I'm doing the VSTS for P2 removing auto mics

Cathie Allen [1:53 PM]:

yup

Luke Ryan [1:53 PM]:

is it just P2 or is it P1 as well??

Cathie Allen [1:53 PM]:

both P1 and P2

Luke Ryan [1:53 PM]:

Roger roger

just thought I'd check - your email says P1 and P2 but the options paper only says P2.

I was wrong to doubt you!

Cathie Allen [1:54 PM]:

you were wrong to doubt me

options paper says can extend to P1, so its been extended to P1

Luke Ryan [1:54 PM]:

please accept my humblest apologies and prostrations

Roger, great call!!! Paula asked for it to be live on 12/02

Cathie Allen [1:56 PM]:

For work in FR, we can request the change to happen asap, but will need to be scheduled by the QPS. For our internal processes, if we can manually adjust from the 12th, then go for it.

Luke Ryan [1:58 PM]:

Ok excellent thanks!!!

this is going to be excellent!!!

Cathie Allen [1:59 PM]:

this is going to be great. QPS made the decision, without our recommendations being required

Luke Ryan [1:59 PM]:

The data supports the decision. We can spend more time putting out better results faster. Win win!

Cathie Allen [2:01 PM]:

win win
